SUMMARY

Experienced Full Stack Software Engineer with extensive experience in developing high-performance, scalable web applications. Proficient in .Net Core, Angular, and SQL Server, delivering robust and user-friendly solutions. Demonstrated ability to leverage modern technologies to enhance application functionality and user experience.

EXPERIENCE (8 YEARS)

Evalueserve, November 2020-Current

- Implemented new features in insights domain using .NET Core, Angular, SQL Server, and Azure.
- Collaborated with cross-functional teams to enhance client satisfaction through feature design and implementation.

Acidaes Solutions Pvt Ltd. (CRMNext), April 2020-November 2020

- Developed and maintained web applications in Banking domain using .Net Core, Angular, and SQL Server.
- Collaborated with BA and QA teams to ensure high-quality releases and minimize application bugs.

Admiral Technology (Inspop India), December 2018-April 2020

- Developed and maintained web applications for insurance sector utilizing .NET Core, Angular, and SQL Server.
- Implemented Call Me Back functionality, ensuring efficient backend, responsive frontend, and effective database management.
- Utilized best practices to enhance scalability and performance of applications.

Mindit Systems, May 2017-December 2018

- Developed multiple web applications from scratch as part of a collaborative team, ensuring scalability and performance.
- Continuously learned and improved skills in software architecture, debugging, and performance tuning.

EDUCATION

B.Tech (Computer Science Engineering) - (68%)
Rajasthan Technical University, 2014 - 2017

12th – (73%)
RBSE, 2012

10th – (72%)
RBSE, 2010

SKILLS

- **Front End:** Angular, HTML, CSS, JavaScript, jQuery, TypeScript, PrimeNG
- **Back End:** C#, .NET Core, MVC, Web Api, Entity Framework, LINQ, Dapper, ADO.NET, SOLID Principles, Design Pattern, Microservices, ASP.NET, RESTful API Design, Window Services
- **Database:** SQL Server, MongoDB, MySQL
- **Cloud:** Azure
- **Versioning Tools:** Git, Azure DevOps, CI/CD pipelines

PROJECTS

Insight First - (Nov 2020 - Present)

- Insight First is a competitive intelligence platform for paid partners, integrating data insights, document management, and analytics. This system provides real-time updates on competitor trends, helping partners make informed, strategic decisions.
- The platform integrated SharePoint, Vision Science, and Infinity third-party APIs to enhance data aggregation, document management, and analytics capabilities.
- Managing production issues, code review, and deployment requires a structured approach that ensures stability, quality, and efficiency in software delivery.
- Optimized database queries to reduce page load time
- Technologies: C#, .NET Core, Angular 12+, Dapper, Entity Framework, LINQ, JavaScript, SQL Server, MongoDB, Azure Cloud, Azure DevOps

Customer Relationship Management (CRM) - (April/2020 - Nov/2020)

- CRM is a Banking domain tool. Customer Relationship Management (CRM) in banking is critical for managing customer interactions, improving service efficiency, and driving business growth.
- As a developer, working on a banking CRM requires handling data security, seamless integrations, automation, and analytics to enhance customer engagement.
- Develop microservices-based APIs for modular and scalable CRM functionalities.
- Technologies: C#, .NET Core, Angular, Dapper, Entity framework, LINQ, JavaScript, SQL Server

Rastreator Telephony (Price Comparison) - (Dec/2018 - April/2020)

- Rastreator Telephony is a price comparison platform in Spain. Integrate multiple telephony service providers via APIs to fetch pricing, plans, and offers dynamically.
- Implement asynchronous processing (using Background Services or Queues) for fetching and updating price comparisons.
- Implement scheduled updates to refresh telephony pricing periodically.
- Technologies: C#, .NET Core, Angular 4+, Dapper, Entity framework, LINQ, JavaScript, SQL Server

OTHER PROJECTS

- **Call me Back**

Technology: MVC .Net , Typescript , SQL Server

Duration: January 2019 - July 2019

- **Muneem (Expense Management System)**

Technology: MVC .Net

Duration: July 2019 - December 2019

- **Interne BOT**

Technology: MVC .Net, Angular 8

Duration: May 2019 - July 2019

- **Appraisal Management**

Technology: MVC .Net, Angular 5

Duration: January 2019 - May 2019

- **Interne**

Technology: Asp .Net

Duration: January 2018 - December 2018

- **Recruitment**

Technology: MVC .Net, Angular 4

Duration: May 2017 - December 2017

DECLARATION

I hereby, declare that the information furnished above is true to the best of my knowledge.

Abhishek Bhobharia

SANTOSH KUMAR PATEL

🏢 STARTEK 📍 Gurgaon | 📞 8510939746 | ✉️ psantosh8808@gmail.com

OBJECTIVE

Results-driven IT professional with 5 years of experience in developing web-based applications using C#, MVC, Asp.net Core, API, and jQuery. Highly skilled in all phases of the software development lifecycle, with a strong understanding of Agile methodologies. Seeking a challenging role to leverage my technical expertise and dedication to continuous learning, contributing to the success and growth of a forward-thinking organization.

SKILL

C#, MVC, Asp.net Core, Web API, LINQ, jQuery, SQL, TypeScript, Angular, Blazor

WORK EXPERIENCE

STARTEK: **Sr. Software Developer** Sept 2022 – Present
NCML: **Software Developer** Oct 2021 – Aug 2022
Cloud Soft: **Software Developer** Feb 2019 – October 2021

- Involved in various phases of the development life cycle by gathering requirements, analyzing, designing, and developing.
- Followed Agile methodology with daily scrum meetings and provided user story updates.
- Worked on routing to load controller type using Asp.Net MVC Core for reaching appropriate action in the web application.
- Used MVC razor-view engine for re-using the individual user controls by not coupling them with underlying data elements.
- Performed client-side and server-side validations in MVC razor using jQuery and Ajax.
- Implemented the Web API and consumed the third-party API in our code.

PROJECTS

STARTEK PROJECT

Cambio

- **Client Name:** Startek
- **Technology Used:** C#, Asp.net Core, Web API, jQuery, SQL, Blazor
- **Description:** These projects are based on handling any CR/INC and task tracking.

Mother Dairy

- **Client Name:** Mother Dairy
- **Technology Used:** C#, Angular, jQuery, SQL, API
- **Description:** These projects are based on handling tickets and creating, assigning, and completing tickets.

PNB

- **Client Name:** PNB
- **Technology Used:** C#, Asp.net, jQuery, SQL
- **Description:** These projects are based on handling any queries, service requests, and complaints of PNB customers.

NCML PROJECT

StoreMan, HRPro, and CMPro

- **Client Name:** NCML
- **Technology Used:** C#, MVC, jQuery, Ajax, SQL
- **Description:** These projects are based on handling warehouses and godowns of StoreMan and CM Pro, and handling HR data using the HR Pro project.

CLOUD SOFT PROJECTS

Joel

- **Client Name:** Joel
- **Technology Used:** C#, MVC, API, Angular, SQL
- **Description:** This is an order-based project in MVC. Created multiple new sections to manage orders, payment processes for all orders, and created invoices dynamically as per client requirements.

EDUCATION

Degree	University	Year	Obtained Marks (%)
MCA	SUBHARTI	2021	69.78
BCA	SHUATS	2018	70.32
INTERMEDIATE	U.P. BOARD	2015	86.20
HIGH SCHOOL	U.P. BOARD	2013	84.33

PERSONAL DETAILS

- **Father's Name:** Mr. Harinath Patel
- **DOB:** 12-Dec-1998
- **Address:** Haripur, Barsathi, Jaunpur, Uttar Pradesh, 222162

SUMMARY

Good understanding of the software development process. I am committed to further enhancing my knowledge and skills. I am eager to work and believe that my technical knowledge and enthusiasm can bring about significant milestones for the company.
